THE FIRST 20 YEARS OF A LONG JOURNEY

Everything started by opening of a bike rental in summer 1989. In fact the true beginning was in our childhood. It started with our first bicycle which my brother and I were wrangling for, tuning and testing it how much it could stand. The little spark of our obsession with bicycles was lightened and passion is still growing from this time. However if we want to state exact time of beginning of this long journey we have to go back to summer 1989 and to the old green tinny garage. There were laid the foundations of KELLYS BICYCLES by hiring bikes to tourists. It was our attempt to make dream come true. Who could predict in summer 1989 that one can have luck with crazy bicycle business idea.

Today we know that it is possible. Almost 2 million bikes produced and sold to our customers in last 20 years we consider as a successful fulfilment of our crazy youngster dream.

The story of our company is not a simple success story. We have learned from our own mistakes as well but first success cheered us up and gave us confidence that what we were doing had a sense. We have been prepared to take a risk and made bigger leap in our business. And then it had fully started in November 1989 when communism had fallen down we moved from rental to commerce and production. We exploited chance to feed big famine for bikes and caught starting mountain bikes era in the beginning of 90'.

When we launched first KELLYS bicycles in 1994 we have not scented what the future had prepared for us. KELLYS bicycles became a major brand.

Years of development, innovations and hard work made KELLYS bicycles part of the European bicycle elite. The fact that all KELLYS products are made by small enthusiastic development team makes us proud. This success story is an endless adventurous journey. We feel like we just reached the peak of the hill and now we are looking around the country under our feet to take another challenge.

The big load of energy for next ride, the luck of painless downfalls and courage to risk to make adventure worth it these are our wishes to our devoted KELLYS bicycles riders and to our enthusiastic development and production team for 20th Anniversary.
